

RESULTS OF DWS'S ANNUAL PRI ASSESSMENT FOR REPORTING YEAR 2019 (SUBMITTED IN APRIL 2020)

The Assessment report is designed to provide feedback to signatories to support ongoing learning and development. A brief description of the each section of this report and how it should be interpreted is provided below. This section provides an overview of DWS' aggregate score for each module and the median score. These bands range from 'A+' (top band) to 'E' (lowest band). A full reference of the assessment methodology can be found [here](#).

The assessment aims to fulfil three main objectives:

2. Identify how signatories can improve their RI practices, and
3. Allow asset owners to focus their discussions with investment managers on responsible investment activities and capabilities.
