What is this product?

Type

The product is a UCITS sub-fund of an open-ended investment company with variable capital under the laws of Ireland.

Term

This product is an open-ended fund without predefined maturity. You may request the redemption of shares generally on each valuation date. The company may, however, suspend the redemption if extraordinary circumstances appear to make this necessary, taking into account the interests of the investors. Further, the company may restrict the redemption. The product may be redeemed early in certain circumstances as set out in the sales prospectus. The Reserved share class of Deutsche Managed Sterling Fund was launched in 2011.

Objectives

The fund is actively managed. The fund is not managed in reference to a benchmark. The fund promotes environmental and social characteristics and is subject to the disclosure requirements of a financial product in accordance with article 8(1) of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector. More ESG information is available in the sales prospectus and on the DWS website. The objective of the Sub-Fund is to preserve capital, remain liquid and seek a high level of current income. The Sub-Fund will seek to achieve its investment objective by investing in a diversified portfolio of Sterling denominated short term debt and debt related instruments, including fixed- and floating-rate securities and other money market instruments. The instruments are issued by the UK or non-UK sovereign governments, agencies, supranational entities, corporations and financial institutions. All investments must have ratings in one of the two highest short-term debt rating categories by a recognized statistical rating organization and/or be deemed to be of comparable high credit quality in accordance with the Investment Manager's credit quality assessment procedures. Instruments must have a term to maturity of 397 days or less and the weighted average term to maturity of investments should not exceed 60 days. The Sub-Fund has daily - same day - liquidity and is authorised as a short term Low Volatility Net Asset Value (LVNAV) money market fund under the Money Market Fund Regulation (MMFR). The Sub-Fund is also subject to the Institutional Money Market Funds Association (IMMFA) Code of Practice. The Sub-Fund seeks to maintain a stable Net Asset Value of GBP 1.00 for the Stable Net Asset Value Shares, which includes this share class. The Sub-Fund has received a credit rating from an internationally recognised rating agency, and which is financed by the Sub-Fund. When selecting investments, environmental and social aspects and the principles of good corporate governance (ESG aspects) are taken into consideration alongside the financial performance. The selection of individual investments is at the discretion of the Investment Manager. The return of the product is reflected by the daily calculated net asset value per unit and the distribution amount if applicable. The currency of the fund is GBP. Returns and gains are distributed on a monthly basis and re-invested each month by subscription of additional shares of the same class in the sub-fund unless shareholders specifically request that dividends be paid by telegraphic transfer. This fund is a sub-fund of DWS Deutsche Global Liquidity Series plc for which the sales prospectus and the periodic reports are prepared as a whole. The assets and liabilities of each sub-fund are segregated by law. As a result, assets of one sub-fund are not available in the event of claims against or insolvency of another. More share classes may be available for this fund - please refer to the relevant section of the sales prospectus for further details. Shares may in many cases be exchanged for shares in another asset class of the same or another DWS Deutsche Global Liquidity Series plc sub-fund. Details can be found in the "Exchange of shares" section of the sales prospectus. The depositary is State Street Custodial Services (Ireland) Limited, Ireland. More detailed information of this fund, such as the sales prospectus as well as the latest annual and semi-annual report, can be obtained free of charge online at www.dws.com/fundinformation/. These documents are available in English.

Intended retail investor

The sub-fund is designed for retail investors, professional investors and eligible counterparties with basic knowledge and experience and with the ability to tolerate losses. A typical investor will have a short-term investment horizon. The sub-fund is suitable for capital accumulation.

What are the risks and what could I get in return?

Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 1 out of 7, which is the lowest risk class. This rates the potential losses from future performance at a very low level, and poor market conditions are very unlikely to impact the capacity to pay you.

The following is applicable if you subscribe for or settle shares in a different currency than the fund or share-class currency: Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

The following risks could be of particular significance for the fund: Credit risk, Money Market Fund risk. A more detailed description of risks and other general information can be found in the risk section(s) of the sales prospectus. You may lose some or all of your investment. Your risk is limited to the amount invested. This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performance of the product over the last 10 years. Markets could develop very differently in the future.

For the recommended holding period the following applies: This type of scenario (Favourable, Moderate, Unfavourable) occurred for an investment between (Favourable: 01.03.2022-31.03.2022, Moderate: 01.03.2016-31.03.2016, Unfavourable: 01.01.2021-31.01.2021).

What happens if DWS Investment S.A. is unable to pay out?

The assets of the fund are kept separately from those of the management company, DWS Investment S.A.. An insolvency or default of the management company should not result in the fund suffering any financial loss in relation to its assets. On the insolvency or default of the depositary State Street Custodial Services (Ireland) Limited, Ireland securities held by the depositary on behalf of the fund should be protected but the fund may suffer loss in relation to cash and certain other assets which are not protected. Cash deposits of the fund deposited with other credit institutions may cause investors to suffer a financial loss if such deposits are not covered by any existing deposit guarantee schemes. Investment in the fund is not covered by any investor compensation or guarantee scheme.
